

TRAILS

MAZATZAL WILDERNESS

There is a network of some 240 miles of “system” trails serving the Mazatzal Wilderness Area and contiguous areas. Their condition varies from satisfactory to very poor. All trails are closed to motor vehicles and mechanical transport such as bikes.

Use a great deal of caution when traveling on backcountry trails such as this one and be aware of the risks you assume.

A few brief comments are in order about the following trail:

Highwater Trail 20: 4.4 miles in length. Provides a route up the east side of the Verde River, eliminating two rivers crossing on the Verde River Trail 11. Termini: Trail 269 (on Wet Bottom Mesa), and Trail 11.

No more than 15 people are allowed to be in a group. No more than 15 head of livestock are allowed in a group.
